SATORI

Stakeholders Acting Together On the ethical impact assessment of Research and Innovation

WWW.SATORIPROJECT.EU

This project has received funding from the European Union's 7th framework programme for research, technological development and demonstration under grant agreement no. 612231

European Commission

SATORI KEY RESULTS:

- The SATORI framework for ethical impact assessment
- First international ethics assessment pre-standard (CEN Workshop Agreement 17145-1 and CEN Workshop Agreement 17145-2)
- Comparative study of ethics assessment practices in Europe, the US and China
- Handbook of participatory processes

SATORI PROJECT RESULTS ARE USEFUL FOR:

- Ethics committees in formative stages, and established ethics committees for quality assurance
- Policy-makers and governance bodies making policies and rules on ethics assessment
- Research funding organisations (RFOs) to promote ethical R&I
- Companies, to set up internal ethics review and impact assessment procedures for R&I, and
- CSOs and the media, to assess ethical impacts of R&I
